Business Development:

Pre-RFA to Post-Submission Best Practices

22 February 2024
Rebecca Boler
Business Development Consultant
A FEW QUICK NOTES

1. Welcome Local Partners – **tell us your name, job position, and what organization you’re from in the chat.**

2. Please use the **Q&A Box to ask any questions** and the **Chat Box for answering questions** asked by the presenters.

3. We have **3 polls** during the webinar today.

4. The presentation for today’s webinar will be saved on ASAP II’s website at [www.intrahealth.org/asap-resources](http://www.intrahealth.org/asap-resources)
USAID/ASAP has broadcasted over 100 webinars for more than 21,000 attendees in 76 countries.
UPCOMING WEBINARS

English:
February 28: Procurement and Property Management Compliance Issues
March 5: USAID Financial Policies, Internal Controls and Compliance
Active CoPs:
- Monitoring and Evaluation (English)
- Leadership and Governance (English)
- Finance, Management and Compliance (French)
- Leadership and Governance (French)
- Finance, Management, and Compliance (Portuguese)
- Monitoring and Evaluation (Portuguese)

Link to register: https://foundation.eventsair.com/usaid-asap/ll-cop-2023-intake/Site/Register
Rebecca Boler
Business Development Consultant
Presenter at the 4th Annual USAID Global Health Local Partner Meeting in Johannesburg (2022)
Objective: This webinar will provide best practices for identifying potential funding opportunities, preparing for and responding to USG-funded opportunities, and undertaking post-submission activities to better position your organization for the future. A link to the webinar recording and presentation materials will be shared afterward.

Agenda
- Identifying Opportunities and Making a Go Decision
- Pre-Planning for the Opportunity Release
- Responding to the technical application requirements and meeting the evaluation criteria
- Q&A
- Responding to the cost application requirements
- Finalizing and submitting your application
- Incorporating post-submission best practices
- Q&A
IDENTIFYING OPPORTUNITIES FROM USAID AND OTHER DONORS

- Direct outreach from the donor
- Word of mouth through your networks (colleagues, donors, stakeholders, etc.)
- Become familiar with USAID’s Country Development Cooperation Strategy (CDCS) for your country
  - Official USAID sites:
    - USAID Business Forecast
    - Grants.gov for grant and cooperative agreement (assistance) opportunities
    - Sam.gov for contract (acquisition) opportunities
- Websites for foundations, corporations, INGOs, etc.
Business Forecast Search

Use the form below to search for current business opportunities.

- To browse all available opportunities, click the Search button without changing any of the search fields.
- To include opportunities that match all options in a particular filter, leave all of the checkboxes in that group unchecked. For example, if no Sector checkboxes are checked, then opportunities matching any Sector will be included.
- Click here to download our Business Forecast template to format your search results.

Displaying 1 - 10 of 337 results.
**USAID BUSINESS FORECAST**

---

**South Africa Free State Provincial HIV/TB Care & Treatment Activity**

**Operating Unit:** South Africa

**Sector:** HIV/AIDS (More than 50% funded by PEPFAR)

**AA/A Specialist Name:** Jilleke Hohn

**Award Length:** 5 years

**Eligibility Criteria:** restricted to local competition

**Principal Geographic Code:** 333 - Worldwide (Including Cooperating Country)

---

**Anticipated Solicitation Release Date:** 2/13/2024

**Anticipated Award Date:** 10/31/2024

**Total Estimated Cost:** $50M - $99.99M

Integrated HIV and TB service delivery to attain and sustain HIV epidemic control and support elimination of TB in the Free State Province in South Africa

---

**Plan Id:** AA-330141

**Fiscal Year Of Award:** 2024

**Last Modified Date:** 2/14/2024
### SEARCH GRANTS

Is the project….

- Within your experience/expertise? If there are any gaps in your expertise, geographic presence, etc., are there partners you can work with to fill them?
- Strategic for the growth/expansion of your organization and its mission?
- Being awarded through a mechanism your organization can implement?
- Presenting any risks and if so, can those risks be mitigated?

Finally, do you have the internal resources to pull a high-quality application together by the deadline?
What is Pre-Planning (or Capture)?

It is an opportunity-specific process following a go decision that continues until the opportunity is released (for competitive opportunities)

It includes:

- A thorough assessment of the opportunity
- An analysis of the competition
- An assessment of your organization’s technical capabilities

To then inform and begin:
- Your strategy to resource the proposal effort and identify your proposal team
- Your partnering strategy and begin to build your consortium
- Your Initial technical, management, and budgeting strategies
- Your recruitment of key personnel
Identify staff who can lead/support different functions:

- Process management
- Creating the outline and writing
- Technical expertise, including M&E, as needed
- Developing the budget
- Operations and human resources
- Reviewers for the technical and budget
Considerations for partnerships

- Things to consider:
  - Do you want to **prime** or **sub**?
  - What are the complementary vs. overlapping areas of technical expertise and/or geographic presence to consider?
  - Does the organization have a good reputation? Do they have credibility doing this work in the community?
  - Have they worked with the donor/funder before?

- Have meetings with potential partners to discuss impressions of the solicitation and potential areas of collaboration – agree on partnership terms and formalize the relationship
Issue Date: March 8, 2021
Deadline for Questions: March 22, 2021 at 3:00PM  Local time
Closing Date: April 29, 2021 at 3:00PM  Local time
Subject: Notice of Funding Opportunity (NOFO) Number: 720663355RFA11112
Reviewing the Application Requirements and Organizing Your Team

Read and review the documents from top to bottom
In reviewing the solicitation documents, take note of:

- Important dates/deadlines
- The award information and eligibility requirements to ensure you’re eligible to apply
- Application instructions
  - Format, font size, outline of the required sections, page limits, etc.
- Evaluation criteria
  - Ensure your application meets these criteria and the reviewers can easily see them in your application

# Integrated HIV Care and Treatment Support Activity
**NOFO 720663355RFA11112**

## Compliance Matrix

### Deadlines
- **Final** – April 29, 2021, at 3:00PM local time – email to proposalcontact@usaid.gov
- **Questions** – March 22, 2021, at 3:00PM local time - add submission proposalcontact@usaid.gov

### Proposal Specifics
- Page limit – 30 pages for Technical Application
- Written in English
- Use standard 8 ½” x 11”, single sided, single-spaced, 12 point Times New Roman font, 1” margins, left justification and headers and/or footers on each page including consecutive page numbers, date of submission, and applicant’s name.
- 10 point font can be used for graphs and charts. Tables, however, must comply with the 12 point Times New Roman requirement.
- Submitted via Microsoft Word or PDF formats, except budget files which must be submitted in Microsoft Excel.
- The estimated start date identified in Section 8 of this NOFO must be used in the cost application.
- The technical application must be a searchable and editable Word or PDF format as appropriate.
- The Cost Schedule must include an Excel spreadsheet with all cells unlocked and no hidden formulas or sheets. A PDF version of the Excel spreadsheet may be submitted in addition to the Excel version at the applicant’s discretion, however, the official cost application submission is the unlocked Excel version.
- The Technical Application must be consecutively numbered on each page and must not exceed thirty (30) pages (not including the cover page, table of contents, acronym page, executive summary, and appendices); Pages in excess of this limit will not be considered.

### Proposal Evaluation Criteria (PAGE 47):

<table>
<thead>
<tr>
<th>Technical Approach</th>
<th>50 points</th>
</tr>
</thead>
<tbody>
<tr>
<td>The quality of the proposed conceptual approach, methodologies and techniques in achieving the stated results of the activity.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Management and Staffing</th>
<th>30 points</th>
</tr>
</thead>
<tbody>
<tr>
<td>The quality and appropriateness of the proposed management approach and key personnel and the extent to which the applicant proposed an efficient organization that will effectively implement the activity.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Organizational Capacity</th>
<th>20 points</th>
</tr>
</thead>
<tbody>
<tr>
<td>The extent to which the applicant, and proposed sub-grantees, possess the current organizational knowledge, capability, relevant experience and operational systems necessary to implement the desired interventions.</td>
<td></td>
</tr>
</tbody>
</table>
QUESTIONS TO THE DONOR

- Use this opportunity to clarify any instructions or information that is unclear or contradictory.
- Frame the question in a way that the donor can easily answer.
- Don’t ask a question that will give away your technical approach or strategy, or other important information (competitive bids).
- Ask yourself - do you need to ask the question, or can you make your best assumption and move forward?
Example:

- The Technical Application must be consecutively numbered on each page and must not exceed thirty (30) pages (not including the cover page, table of contents, executive summary, and appendices);
  - Cover Page
  - Table of Contents
  - Executive Summary (1 page)
  - Technical Approach (30 pages)

Should we ask a question about an acronym list, since it’s not listed here?

If yes, which is the better question to ask?

1. Which sections of the Technical Application do not count toward the 30-page limit?
   - Potential answer: See page 29 of the NOFO.
   - Potential answer: Appendices do not count toward the page limit.

2. On page 29 of the NOFO, it says that the cover page, table of contents, executive summary, and appendices do not count towards the 30-page limit. Can you please confirm that an acronym list may also be included and will not count towards the 30-page limit?
   - Potential answer: Yes or no.
Best practices for responding to the technical application requirements and meeting the evaluation criteria

Create an outline/template

- Create an outline in Word, and ensure it meet the font type/size, margins, and other requirements.
  - For example – 12 point, Calibri, with 1-inch margins, each page should be numbered consecutively
- Create headings for each required section and note the page limits
  - For example – Technical Approach (10 pages), M&E (3 pages), Management and Staffing Plan (4 pages), and Organization Capability (3 pages)
Hold in-person meetings with technical experts, partner staff, operations, finance, and HR staff to discuss
- context of the issues
- root causes of challenges
- potential solutions to address those root causes
- activities or tasks to operationalize the solutions
- staff needed to implement the activities
- monitoring indicators to show progress

- Use sticky notes, white boards, chart paper to collect ideas
- Group them according to objectives of the project
TECHNICAL APPROACH

- **What** – what is the activity/task?
- **How** – how will the activity/task be completed? What stakeholders or other factors need to be taken into account?
  - **Where** – where will the activity geographically take place?
  - **Who** – which organization is leading the activity, will partners support in any way? Which specific staff will lead or support?
  - **When** – when will the activity take place, in Month 1 or Year 3?

Ensure your technical activities are feasible within the allocated budget!
The management and staffing plan describes how you will:

- Identify and work with partners or subrecipients
- Establish lines of authority, communication, and reporting
- Assign staff to key roles and obtain additional technical expertise as needed
  - Including Key Personnel and non-key staff that are essential to the project
  - CVs for Key Personnel are usually requested in the Annex and must describe and demonstrate their qualifications and meeting the requirements.
• Develop your org chart as early as possible and cost it out to ensure that the structure is feasible.
• Show key positions that will be held by both your organization and consortium partners.
• Display in which office the staff will be based (using the Key).
• Adjust the staffing configuration according to the type of project (service delivery vs. technical assistance).
• Ensure that appropriate proportions of funding are going to staff vs. activities.
MONITORING, EVALUATION, AND LEARNING PLAN

- Identify Program Goals and Objectives

- Define Indicators (output and outcome) – sometimes provided in the RFA, USAID standard indicators, and custom indicators.

- Define Data Collection Methods and Timeline.

- Identify M&E Roles and Responsibilities.

- Create an Analysis Plan and Reporting Templates.

- Plan for Dissemination and Donor Reporting.
Organizational Capacity

- Appears as a narrative within the Technical Application.
- Demonstrates that you can perform the SOW of the opportunity by describing past and current work related to the SOW of the opportunity.
- Include experience of the prime and the consortium partners.

History of Performance/Past Performance

- Appears in the Annexes
- Using the template provided by USAID/donor, describes specific projects that you’ve recently implemented related to the SOW of the opportunity.
- USAID will contact staff who are familiar with your work and can speak to your performance.
- For the prime and consortium partners.

**HISTORY OF PERFORMANCE**

1. Award Number:
2. Agency or Entity Providing the Funding:
3. Description of the Program Including Complexity/Diversity of Tasks:

4. Primary Location(s) of Program:
5. Period of Performance:
6. Skills/Expertise Required:
7. Dollar Value:
8. Type of Award:
9. Contact Information for Two Persons, Including Name, Job Title, Mailing Address, Phone Numbers, and Email Address:
Define your organization’s review milestones (1st draft, 2nd draft, final).

Please remember that the donor can review only what is in the application and not based on if/how they know your organization.

Follow a consistent process for each review; give reviewers instructions.

Identify staff who can serve as reviewers (separate from the proposal team).

Examples of reviews:

- Confirm your application is compliant with the donor requirements.
- Predict how the donor will evaluate your proposal and how to make improvements to make sure you’ll get the maximum number of points for each section.
- Review the budget for accuracy and reasonableness of costs.
- Confirm your application is finalized and ready for submission.
- Perform an After-Action Review to discuss lessons learned and how to make improvements to your processes.
Go back to the solicitation and review what the budget should include and use provided templates
  o Excel for the budget – to show and calculate costs (use formulas)
  o Word for the budget narrative – to provide an explanation and rationale for the costs

The donor will evaluate your cost proposal and level of effort on three points.
  o Reasonable: Costs are generally recognized as ordinary and necessary.
    • E.g. The rental rate for a venue to conduct a training is average.
  o Allocable: Costs are incurred specifically for the award.
    • E.g. Project staff use 25% of office space; project pays 25% of office rent.
  o Allowable: Costs are not disallowed by the terms of the award.
    • E.g. Alcohol and entertainment not allowed, so they cannot be covered by the grant.

Close coordination with technical, HR, & operations teams is the key to successful budget development!
**3.1.3 Short-term Technical Assistance (STTA) Expatriate/Consultants Flights**

The budget includes 15 round-trip airfares at $1,500 on average per airfare from U.S. city to Almaty for consultants’ travel to post. Airfare costs are based on current Fly America-compliant, refundable economy-class airfare quotes from our in-house travel agent from U.S. city to Almaty Kazakhstan. Three trips per year are budgeted for each program year.

**3.1.4 Per Diem (Lodging and M&IE) and Ground Transport**

Per diem is budgeted based on the rates provided in the Department of State Standardized Regulations (DSSR), Chapter 925. The following assumptions have been budgeted per diem: 

a) *International Travel Per Diem:* Lodging and M&IE is budgeted at $316/day per the DSSR for international HQ, STTA, and consultants traveling to Kazakhstan. Each trip is budgeted for 14 days inclusive of travel days. We calculated per diem days based on the LOE budgeted under personnel for HQ, STTA, and international consultants. 

b) *Ground Transport:* $150 per trip is budgeted for ground transport for HQ, STTA, and consultant travel to Kazakhstan.
10% DE MINIMIS

- Local partners that don’t have a negotiated indirect cost rate may choose to use a de minimis rate of 10% of modified total direct costs (MTDC).

**Computation of Modified Total Direct Costs (MTDC)**

- **MTDC includes** all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subawards under the award).

- **MTDC excludes** equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $25,000.
Cost share or "matching" refers to the resources a recipient contributes to the total cost of an agreement.

It becomes a condition of an award when it is part of the approved award budget, is verifiable from the recipient's records, and must be reported on throughout the life of the project.

Only non-USG funds can count towards cost share.

Cost share can/should be flowed down to sub-partners.
COST SHARE

Spotlight on Cost Share

There is no legislative requirement that assistance awards include cost share, but it is an important part of the USAID-recipient relationship.

If USAID chooses to require cost share in an award, it must:
- NOT use a set formula to determine the amount, and
- the cost share requirements MUST be stated in the announcement.

If cost-share is included in the award document, the AOR is responsible for monitoring compliance.

If a recipient doesn’t meet its cost share requirement, the AO may:
- apply the difference to reduce the amount of USAID funding for the following funding period;
- require the recipient to refund the difference to USAID if the award has expired or has been terminated; or
- for non-U.S. NGO’s only: reduce the amount of cost share required under the award.

Type of Cost Share Contribution

<table>

Acquisition and Assistance Policy Directive (AAPD) 04-16: Public-Private Alliance Guidelines & Collaboration Agreement

Developed by USAID’s Regional Financial Management Office and Regional Office of Acquisition and Assistance and the Central and South Asia Acquisition and Assistance Innovation Lab in support of Social Capacity Building.
Cooperative Agreements

- Cooperative agreements provide for substantial involvement between the Agency and recipient during implementation of an Activity.

- Substantial involvement may include:
  - Approval of implementation plans;
  - Approval of key personnel; and
  - Collaboration between USAID and the partner.

- Examples: selection of advisory committee members, sub-awards, and review of the partner’s monitoring and evaluation plans.
Fixed Amount Awards are appropriate when the program scope has specific and measurable goals and objectives and there’s adequate data to estimate costs and develop the budget.

FAAs do not require the prime to monitor actual costs incurred, as all costs are covered by agreed upon by “milestone” payments.

Milestone = description of the task, deliverable, or goal to be accomplished.

</table>
APPLICATION FINALIZATION

- 1-2 days before submission, conduct a final review of the:
  - format to ensure it is correct and within the page limit (font size, paper size, page numbers, margins, etc.)
  - content to ensure compliance with what the solicitation is asking for and meets the evaluation criteria.

- 1 day before submission, conduct a final copy edit for correct spelling and grammar.

- Submit at least one business day before the deadline to ensure it is received on time.

- Be sure to build these final steps into your calendar!
APPLICATION SUBMISSION

- Ask for confirmation of receipt in your submission emails.
- Turn on delivery receipts (if possible) to get immediate confirmation the email was sent (check your outbox/sent mail).
- On the submission email, cc others at your organization who can confirm the email was received.
- Ensure the attachments are less than the MB size limit, if they are over that limit, submit them via multiple emails and label them accordingly.
Debrief with your team and discuss how you might improve the process for the next time you apply for an award.

Prepare for USAID to come back with questions/clarifications on your application.

If USAID notifies you that you weren’t successful, request in writing a debrief or a copy of USAID’s evaluation of your response (within 10 days of notification from USAID).

Use this feedback to build expertise, enhance systems, and reassess alignment with donor priorities.
